\$4,200,000

Description

This medical office building was built in Dublin, Ohio for Ohio Health as part of the future Dublin Hospital Campus. The building is a 1-story 24,000 sq/ft building which is positioned on 4.75 acres. This building is steel framed with metal stud exterior framing, brick veneer, and wood truss roof framing. The interior of the building was built out with x-ray, shielding, exam rooms, support areas, physical therapy, imaging, urgent care, and laboratory. This project set the stage for many future projects with the Ohio Health Organization.
